Agenda:

1. PERSILAT President

It has been a tradition and stipulated in the constitution, that Founding Members should come to a concession to nominate a president from amongst Founding Members President to lead PERSILAT as a president for the next term (4 years).

Chairman suggested that Mr Prabowo to hold the position for this new term giving the following reasons:

- i. Indonesia will be hosting the 18th ASIAN Game in 2018. PERSILAT and members of PERSILAT in Asia region would very much like to have Pencak Silat to be one of the sports that offer medal to their country. Members would also most delightful to have Pencak Silat to become a sport played in all other ASIAN Game to be hosted by any other country. Preparing to go further, PERSILAT would appreciate very much if Mr Prabowo will remain as President as at his position as himself will be of a great support in the making of the big dream.

2. Mr Prabowo had voiced out his concern on the election of President. He would prefer that the election and voting be open to the other members too and not only to the Founding Members.

Chairman invited comment from the members.

2.1 Tan Sri Mohd Ali Rustam, President of PESAKA, mentioned that PESAKA supported the motion for Mr Prabowo to lead PERSILAT for the next term and for PESAKA has decided to open to Founding Members only or otherwise PESAKA would request that the presidency seat to be handed to PESAKA.

2.2 PESAKA Support World Championship to be organised by Australia in 2017 and Malaysia will be ready to be the next organiser I,e 2019.

2.3 Mr Hj Abdullah shafiie (BBM) President of PERSISI, pledged that PERSISI will give the full support for Mr Prabowo to once again lead PERSILAT. As for the second subject PERSISI is not agreeing to the suggestion for these reasons:

- i. PERSISI is looking at Pencak Silat as not only a sport but also as culture and heritage to the Malay World.
- ii. It is our "treasure" the Founding Members and should be inherited by our future generation.
- iii. Should the election and voting be opened to the other part of the world and due to the larger support that they have, the position might landed in the other parts of the world and will remain.

- iv. The capability and interest of the president from the other region might not be as great as it was born within us.
- v. As far as the other region is concern, members agreed that they need to show that they are capable to manage PERSILAT as it is not proven, as of today, that they could manage the regional federation as expected.
- vi. Members beside the Founding Members are always welcome to give their input to PERSILAT, to voice up their concern and suggestion as the constitution allows them to be part PERSILAT as part of the CB members and be involved in the sub-committees of CB.

The members end up the discussion and agree that Mr Prabowo is to remain as the President for the next term and for the time being prevail the constitution Article 10, item 10.1.2 (to be amended to Article 12, item 12.1.2) pertaining the second subject.

- 3. Mr Sheikh Alau'ddin , requested that the representative from The ASIAN Pencak Silat Federation and Europe Pencak Silat Federation to be invited to sit in the Central Board meeting where sharing of information and news could be minuted and shared.

Speech by The President of Thailand Pencak Silat Association.

Mr Panu welcome all members to Thailand, he is grateful to the support given by the members to make 16th World Pencak Silat Competition a success. The minister incharge of Sport is also very delightful to see the good support given by the silat community.

Mr Panu will try his very best to assist in the promotion of pencak silat to be played in the ASIAN Game, Jakarta in 2018 and to any other host after 2018. Me Panu will try his very best to convey the message of supporting the ASIAN Game to all the Thailand Embassies in all ASIA countries.
